

# LIBRARY MOVE ANNOUNCEMENT

Dear respected library users,

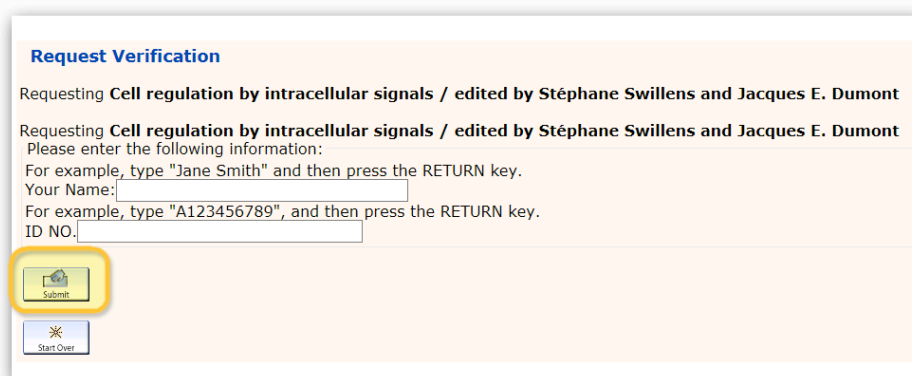

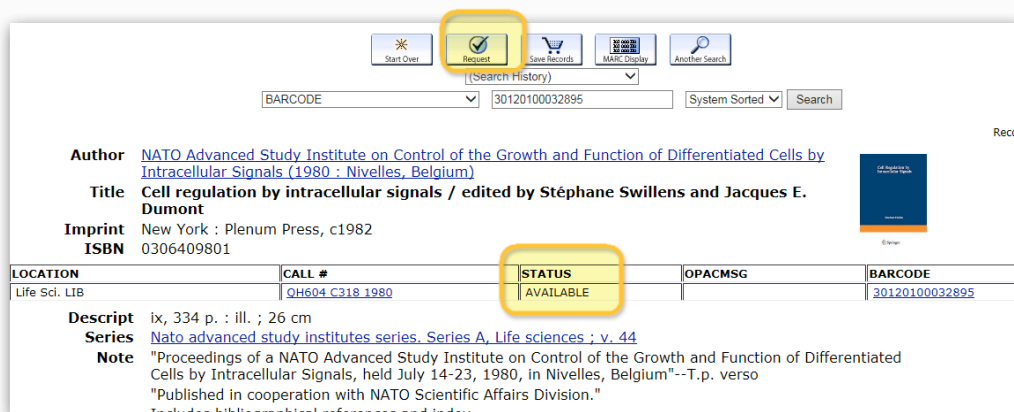

Kindly be informed that Life Science Library (LSL) will be moved across the Life Science Road to Ecological Exhibition Center (a.k.a. Eco Pavilion) on October 22, 2018 (Monday). The two-storey pavilion is designed to be a green building with low environmental impact and is located in the abundant forestry and ecological environment near Genomic Research Center. While we continue to provide library resources and services to support life science research, we will work closely with ecology volunteers on introducing environmental and ecological education and related activities to create a welcoming, comfortable and relaxing library environment.

LSL information desk and the following resources: Multimedia Collections 、 New Books 、 TIGP Books 、 Magazines 、 Research Exhibition 、 Information Search 、 Art Exhibition and Reading Space will move to the new place. Due to space limitation and their heavy weight, print collections will stay in 2<sup>nd</sup> floor of IBC. They will not be opened to the public but can be reserved online for pick-up or delivery (see instructions below). Personal viewing will also be facilitated upon request. In compliance with this situation, LSL has implemented a new approach to provide more efficient services to users.

Service Change	Description	Time
Reserved Items Delivery for Principal Investigators and Specialists	All reserved items will be delivered by librarian to the institute/center of the requesting PI and Specialist.	8:30 am ~ 17:00pm
Book Reservation and Check Out	All print collections should be reserved online. Librarian will send email/instant message to inform delivery (for PIs and Specialists) or check out at the LSL information desk.	8:30 am ~ 18:00pm
Return Items	Return items to library information in opening hours or drop in the return box located outside.	
View Print Collections	Call or go to Information and ask librarian for arrangement to enter the old LSL.	8:30 am ~ 17:00pm

LSL sincerely apologies for any inconvenience and appreciates your understanding as we continue to improve our services.

## Steps to find and reserve books:
